VII WRITING

Nowadays, a lot of people think that doing sports outside is better than doing it inside.

In this essay, I would try to express my point of view in this issue.

In my opinion, any sport outside is good. First of all, I want to start with idea, that it is more cheaper, and everyone can afford it. At second, it is healthier. Many of scientists suggest us to do physical exercises, such as jogging, yoga, in fresh air. They consider, that spending time in parks or alleys helps us to balance our organism, improve our breath system. Also it is the best option to keep your mood in positive note. You will be full of energy and enthusiasm whole day. At third, it is more enjoyable, because you can spend time with nature, meet people and feel the earth under your feet.

However, people, who like doing it in gym, stadium, think that it is more safe and modern way of doing sports. With all respect, I can not agree with them.

2 + 2 + 2 + 1 + 2 = 9
